DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3, 9-10, 12-15 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. For claim 9, the reasons allowable are stated in the previous office action. For claim 1, applicant's remark on pages 7-10 of Amendment filed on 09/20/2004 overcomes to the rejection of claim 1. In addition, the claim 1 the limitations of "a positioning portion engageable with a non-round engaging hole on the metal grounding panel and being configured relative to the engaging hole to resist rotation and translation of the housing relative to the panel" is not taught by Hirroka or suggested other prior art of record. For claim 10, applicant's remark on pages 9-10 of Amendment filed on 09/20/2004 overcomes to the rejection of claim 10. In addition, the claim 10 the limitations of "a mounting clip with a base configured for engaging that and second opposed surfaces of the engaging hole in a panel, resilient locking pieces for engaging third and fourth opposed surfaces of the hole in the panel and pressing pieces for cooperating with the resilient locking pieces to hold the housing on the panel" is not taught by Hirroka or suggested other prior art of record.
4. Hirroka among other difference does not disclose all limitations of claims 1, 9, 10 as discussed above, therefore, does not meet claims 1, 9, 10 limitations, which are basic to the invention, nor would inclusion of such feature be an obvious change.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
